Special shout out to **Akisha Townsend Eaton** and **Jurnee Carr** for speaking on behalf of horses at the USDA public meetings in KY and TN regarding their new proposal to regulate cruel horse soring tactics! ## Animal Blessing and Memorial Service

Lynn also held her monthly *PAWS for a Blessing*. This month included four therapy dog teams – all older shelter or rescue dogs being given a new lease on life bringing cheer to hospice, nursing homes and domestic violence shelters. A memorial service was also held for beloved pets who have passed away.

## Welcome to the Team!

Samantha Pereira joins us from Charlotte, NC! She is in 11th grade and enjoys helping the community. She has experience volunteering with kid's ministries and camps and is familiar and passionate about all animal issues. She attends a non-denominational church and is excited to hold a Fill the Bowl drive and start coordinating outreach with clubs on campus. She is interested in studying political science and journalism so writing and engaging politically for animals is right up her alley! We are so happy to have you, Samantha!

## Creature Kind Corner

We are excited to announce that the latest installment of [Be Creature Kind](#) is available! This week learn 'how we can become more creaturekind by asking each other how we can live more faithfully with other creatures, and how we can live in ways that better reflect what we are learning about God, creatures, and God's relationship with creation.'

*Have a blessed week!*
